

Adrienne Leigh Reynolds Memorial Fund

[DONATE](#)

Adrienne Leigh Reynolds

September 12, 1988 – January 21, 2005

The Adrienne Leigh Reynolds Memorial Fund supports and brings awareness to the struggle of adolescent violence and bullying while assisting agencies that provide positive influences for youth.

Adrienne began attending the Black Hawk College Outreach Center to earn her GED in November 2004. Then in an incident involving three other juveniles in January 2005, Adrienne's bright future was cut short.

Many generous donors locally and throughout the United States have contributed to the Adrienne Leigh Reynolds Memorial Fund at The Moline Foundation, established by her parents, who live in East Moline.

Grants to nonprofit organizations are an excellent way to keep Adrienne's memory alive and create an awareness of adolescent victimization and a gateway for the future.

"The financial support provided for GED testing fees to students who, like Adrienne, are working to improve their lives ... can be the difference between a dream realized and a dream deferred. GED graduation ceremonies will acknowledge, The Adrienne Leigh Reynolds Memorial. " *Black Hawk College Adult and Continuing Education*. By donating to the **Adrienne Leigh Reynolds Memorial Fund**, you support the dreams and aspirations of at-risk teens through Adrienne's memory.
